Sacred Heart Foundation

Providing scholarships to individuals studying to be Missionaries of the Sacred Heart priests and brothers.

Scholarships to be Awarded to Students in Eight Countries

We are pleased to announce that we will be awarding \$66,000 in financial aid to 57 students studying to be Missionaries of the Sacred Heart priests.

Our Scholarship Committee received a total of 95 applications from eight different countries on four continents. We were particularly pleased to be able to support seven candidates from Brazil. They come from a variety of communities from small towns to large cities. Most grew up in poverty, and many worked in such occupations as teaching, sales and manufacturing before beginning their religious studies. All are well along in their theology studies, and several have already taken their first vows. Some entered the seminary as early as 2003.

The sole mission of the Sacred Heart Foundation is to provide scholarships for future priests and brothers of the Missionaries of the Sacred Heart. It is always difficult to choose among the many qualified applicants. Our Scholarship Committee has attempted to support those applicants who are advanced in their religious studies. Most of this year's recipients are Theology students who have completed at least six years of secondary education. We have helped many in past years.

Your foundation has distributed well over one million dollars over the past 40 years. Thank you again for making it all possible. Someday a priest we educate may serve your parish.

Girley De Oliveira Reis, from Teofilo Otoni, Brazil, had a childhood marked by financial difficulties which forced him to start work at an early age. Two years after completing high school, he began his university studies and supported himself by working in a plastics factory. Upon graduation he taught public school for a year and then entered seminary. He is currently in his second year of Theology at the Catholic University of São Paulo.

Ailton Rodrigues Damasceno is from Jerumenha, Brazil. After high school he worked for four years as a seller in a large chain store. He began his novitiate in 2007 and shortly after lost his father and in 2009 he also suffered the loss of his mother. Despite tragedy, he continued his studies and professed his final vows in 2011. He is in his fourth year of Theology at the Catholic University of São Paulo.
